

## Straw Rocket STEM Activity

### You need:

Straw Rocket Template

Two straws - one straw needs to be able to fit into the other straw

Crayons/Markers/Colored Pencils

Scissors

Tape

### Directions:

1. Print out the [free rocket template](#) found on Buggy and Buddy website. Color the rockets and cut them out.
2. Tape the rocket template at the top of the smaller straw.
3. Put the smaller straw inside of the larger straw.
4. Blow on the larger straw to launch the rocket!
5. How far did it go?
